

# CLEAN WATER PROGRAM

## CHALLENGES

- **LACK OF** convenient access to **WATER**
- **SHARED WATER** sources with cattle
- Poor attendance of children in school because of **WATERBORNE DISEASES**
- **POOR ATTENDANCE** of girl child burdened with water collection
- Increased **MALNUTRITION**
- **LOWERED PRODUCTIVITY** inside and outside the home
- **POOR SANITATION** and hygiene

## OUTPUTS

- **WATER IS AVAILABLE** at convenient tap locations in the village.
- **CONTINUOUS** access to **CLEAN WATER** for drinking.
- Activation of **SANITATION FACILITIES** with access to water.
- **IMPROVED ATTENDANCE** in school.

## IMPACT

- **CARBON NEUTRALIZATION**
- **WOMEN** can be **FINANCIAL STAKEHOLDERS** in their family income.
- **IMPROVED CONFIDENCE** of women.
- Empowered and **INDEPENDENT WOMEN**.
- **INCREASED PRODUCTIVITY** inside and outside the home.
- **REDUCED MALNUTRITION** and improved future outcomes.
- **INCREASED EDUCATION** prospects of girl child.
